

При выполнении заданий с кратким ответом впишите в поле для ответа цифру, которая соответствует номеру правильного ответа, или число, слово, последовательность букв (слов) или цифр. Ответ следует записывать без пробелов и каких-либо дополнительных символов. Так как на экзамене распознавание апострофа в бланках ответов будет затруднено, записывайте ответ в полной форме, например: donotknow, вместо don'tknow.

В заданиях, где нужно установить соответствие между двумя столбцами, ответ запишите в виде сочетания букв и цифр, соблюдая алфавитную последовательность букв левого столбца. Некоторые данные правого столбца могут использоваться несколько раз или не использоваться вообще. Например: A1B1B4Г2.

Если вариант задан учителем, вы можете вписать или загрузить в систему ответы к заданиям с развернутым ответом. Учитель увидит результаты выполнения заданий с кратким ответом и сможет оценить загруженные ответы к заданиям с развернутым ответом. Выставленные учителем баллы отобразятся в вашей статистике.

§ 1. My parents always said I was born to be a sportsman. They said that even when I was in nappies, I wasn't happy unless I was kicking or throwing a ball. My first memory is of Dad and me playing football in our back garden. I recall my mum sitting down on the grass **cheering** me on as I clumsily kicked a football into the goal net my dad was 'defending'. The sense of achievement when I scored my first goal stuck with me, and my life has revolved around football ever since. As I grew up, I dreamed of becoming a football player. During class, I tried to stay focused on my studies; I knew that few people became professional sportsmen and it was crucial to get a good education. But I devoted every spare second to my passion. I knew that if I wanted to become a success, I would have to put all my energy into the game.

§ 2. My big break came when I was 18. Leicester City FC offered me a place in the team. It was there that I learned the true value of teamwork. I played with a fantastic group of guys there and we worked toward one common goal — to win! I learned that every person has their own individual talents, and a great team brings these talents together. We enjoyed great success at Leicester, and I was lucky enough to become one of the UK's top scorers I was transferred to Everton and, while I was sad to leave my fellow team-mates, I was **excited** about working with new people and making new friends. My time at Everton was an outstanding experience. While I was there, I scored 38 goals in 52 games. It wasn't long until I was on a new journey, this time across the sea to Spain to play for FC Barcelona. I was nervous at first, but it turned out that there was no reason to panic. I felt great pride when I stepped into the stadium and onto the pitch in Barcelona.

§ 3. As you can imagine, the proudest I felt was when I played for my country, England, in the World Cup. The tournament raises the level of competitiveness for every player. Not only do you have to be mentally prepared, but you have to be at the peak of physical fitness — so, as you can imagine, it didn't help that I had to play the tournament with my left arm heavily strapped up! But I was determined not to let one injury stop me and played anyway! Because we were a strong team, we got to the quarter finals, and I scored six goals during the entire competition and won the 'Golden Boot' award

§ 4. Football has taken me around the world, from England to Spain to Japan! I have become fluent in two other languages and have experienced other cultures. My career provided me with many happy memories that I wouldn't change for the world.

§ 1. If you've ever thought that talking to someone was a waste of breath, you might be comforted to know that in some cases you are right — the words we utter have very little effect on people compared with how we say them and what we are doing when we say them.

§ 2. Recent research has shown that in a presentation before a group of people, 55 per cent of the effect on the audience is determined by the body language of the speaker, 38 per cent by their tone of voice and only 7 per cent by the actual content of what is being said. Body language speaks louder than words.

§ 3. So can performance and communication skills really be improved? It would appear so, according to Neuro-Linguistic Programming, or NLP, which was developed in the 1970s by therapist Richard Bandler and linguistics professor John Grinder. They asked: "What makes the difference between someone who is competent at something and someone who is excellent?" They examined the behaviour of people generally considered to be examples of excellence in their respective fields to identify what they were doing consciously (*осознанно*) and unconsciously. Surprisingly, they discovered patterns of communication which all these high achievers were using to produce **consistently** positive results. They found that they were able to copy these strategies and achieve similar success, so they developed a way of teaching these skills to other people, a method they called Neuro-Linguistic Programming.

§ 4. They have discovered how people achieve mutual understanding, both consciously and unconsciously, by observing the body language and voice patterns of the person they are talking to. If you're dealing with someone who is painfully shy, you're not going to make a good connection by overwhelming them with your cheerfulness. By matching someone's behaviour we can gain their **confidence**, achieve a good relationship and improve the quality of communication — in other words, we can get on someone's wavelength. NLP practitioners claim anyone can learn how to do this, and quite quickly. NLP is all about taking one's unconscious, not very highly developed skills and practising them consciously.

§ 5. Another powerful aspect of NLP is its use of positive thinking. We can become aware of the negative and turn it to the positive. Once it is framed in a positive way as a goal, the brain can begin to cope with it and then apply itself to achieving that outcome. To put it another way, if you don't know where you're going, it makes it harder to get there.

14. Прочитайте текст и выберите вариант ответа, соответствующий его содержанию.

What has recent research into the way people speak shown?

- 1) Certain kinds of body language create distrust.
- 2) A person's tone of voice often does not match what they are saying.
- 3) Failure to communicate well has little to do with what you say.

June and Malcolm Harding spent their life savings on their first home, and thought they were set for life. But just over a year later, June handed the keys back to the estate agent. Since then they've also sold most of their furniture. (1)\_\_\_\_\_

What started as a way to stop Kelly being bored in the summer holiday has become the focus of all their lives. She won her first competition after only 10 weeks of skating lessons. Soon after, Kelly's coach left Britain for Canada and her parting words changed the Harding's lives for ever. "Find the money to keep Kelly on the ice," she urged. "She'll go all the way to the top." From then on, there was no question — whatever it cost to make Kelly a winner, they'd find a way.

(2)\_\_\_\_\_ "I started skating when I was 10," — June said. "I saved all the money I could for lessons by doing errands for neighbours. But Mum and Dad were poor and when Mum saved to buy me boots, Dad said that it was a mere waste. I never skated again. I wasn't going to let that happen to Kelly." They had to take Kelly out of school so she could practise more. As she was still only fourteen, they had to guarantee the local authorities she'd continue her studies until she was seventeen. (3)\_\_\_\_\_ "I worked out we only got £ 500 for £ 5,000 worth of furniture — but at least it paid for some more lessons," said June. "The only things we kept were the TV and video because we can never afford to go out. Luckily, our new accommodation is furnished. We took our car off the road because we can't afford to run it. We haven't had a phone for four months, or a holiday in six years." (4)\_\_\_\_\_

Despite being permanently poor, June and Malcolm have no doubt they're doing the right thing. "Just seeing Kelly on the ice, smiling and happy, makes it all worthwhile," her father said. "Even if she doesn't make it she'll have had the opportunity thousands of girls haven't."

Kelly, now seventeen, was placed 13th in last year's junior championship and has won nearly thirty competitions so far. "I know I'm very lucky," she admits. (5)\_\_\_\_\_ Her coach, a former British champion, is convinced she'll go far. "I think she'll make the Olympic squad," she said. "Kelly is an exceptional girl — gifted and very hardworking."

(6)\_\_\_\_\_ It's unlikely that her mum will ever see her win, though, because she gets too nervous to watch. "People think we're mad giving up everything," continues June, "but we believe in our daughter... I'd do it all over again tomorrow."
