

При выполнении заданий с кратким ответом впишите в поле для ответа цифру, которая соответствует номеру правильного ответа, или число, слово, последовательность букв (слов) или цифр. Ответ следует записывать без пробелов и каких-либо дополнительных символов. Так как на экзамене распознавание апострофа в бланках ответов будет затруднено, записывайте ответ в полной форме, например: donotknow, вместо don'tknow.

В заданиях, где нужно установить соответствие между двумя столбцами, ответ запишите в виде сочетания букв и цифр, соблюдая алфавитную последовательность букв левого столбца. Некоторые данные правого столбца могут использоваться несколько раз или не использоваться вообще. Например: A1B1B4Г2.

Если вариант задан учителем, вы можете вписать или загрузить в систему ответы к заданиям с развернутым ответом. Учитель увидит результаты выполнения заданий с кратким ответом и сможет оценить загруженные ответы к заданиям с развернутым ответом. Выставленные учителем баллы отобразятся в вашей статистике.

§ 1. If you've ever thought that talking to someone was a waste of breath, you might be comforted to know that in some cases you are right — the words we utter have very little effect on people compared with how we say them and what we are doing when we say them.

§ 2. Recent research has shown that in a presentation before a group of people, 55 per cent of the effect on the audience is determined by the body language of the speaker, 38 per cent by their tone of voice and only 7 per cent by the actual content of what is being said. Body language speaks louder than words.

§ 3. So can performance and communication skills really be improved? It would appear so, according to Neuro-Linguistic Programming, or NLP, which was developed in the 1970s by therapist Richard Bandler and linguistics professor John Grinder. They asked: "What makes the difference between someone who is competent at something and someone who is excellent?" They examined the behaviour of people generally considered to be examples of excellence in their respective fields to identify what they were doing consciously (*осознанно*) and unconsciously. Surprisingly, they discovered patterns of communication which all these high achievers were using to produce **consistently** positive results. They found that they were able to copy these strategies and achieve similar success, so they developed a way of teaching these skills to other people, a method they called Neuro-Linguistic Programming.

§ 4. They have discovered how people achieve mutual understanding, both consciously and unconsciously, by observing the body language and voice patterns of the person they are talking to. If you're dealing with someone who is painfully shy, you're not going to make a good connection by overwhelming them with your cheerfulness. By matching someone's behaviour we can gain their **confidence**, achieve a good relationship and improve the quality of communication — in other words, we can get on someone's wavelength. NLP practitioners claim anyone can learn how to do this, and quite quickly. NLP is all about taking one's unconscious, not very highly developed skills and practising them consciously.

§ 5. Another powerful aspect of NLP is its use of positive thinking. We can become aware of the negative and turn it to the positive. Once it is framed in a positive way as a goal, the brain can begin to cope with it and then apply itself to achieving that outcome. To put it another way, if you don't know where you're going, it makes it harder to get there.

11. Прочитайте текст и выберите вариант ответа, соответствующий его содержанию.

What has recent research into the way people speak shown?

- 1) Certain kinds of body language create distrust.
- 2) A person's tone of voice often does not match what they are saying.
- 3) Failure to communicate well has little to do with what you say.

12. Прочитайте текст и выберите вариант ответа, соответствующий его содержанию.

The therapist and the professor developed NLP when they discovered that

- 1) successful people communicate in similar ways.
- 2) people copy methods of communication.
- 3) competence depends on good communication.

When Usain Bolt was a young boy growing up in Jamaica, his parents took him to the doctor because he couldn't keep still. He was gifted at cricket, his first love. 'But I just happened to run fast. It was easy and I was winning. And my dad said I should concentrate on running because it's an individual sport and, if you do good, you do good for yourself.'

Nobody can hold a light to Usain Bolt — he is a one-off (уникум). There's the size, for a start: 1.96 metres (ideal sprinters are thought to be no more than 1.85 metres). Then there's the scoliosis, a curved spine which means one leg is shorter than the other. (1)___ And the attitude — at warm-up his rivals look as if they will explode with tension, but Bolt smiles, even dances. And, of course, Bolt is said to be the fastest man ever.

Bolt maintains that he isn't quite as cool and laid-back as he appears to be. There are things that bother him. (2)___ For example, he says he was so uptight before the junior World Championships final — where he became the youngest gold medallist at the age of fifteen — that he put his shoes on the wrong feet.

(3)___ That's when Jamaica turned on him. His own people said he was undisciplined, he partied too much.

And yes, he did; but the truth was he was suffering with his spine. People, he says, are quick to criticise.

Bolt arrived in athletics at a time when the profession had lost a lot of respect over drug-taking. Here was a man who looked and acted differently. In 2008, though, he had to beg his coach to let him run the 100 metres at the Beijing Olympics. (4)___ Despite that, not only did he win gold but he broke the 100 metre world record. He broke his own record at the 2009 World Championships and went on to win gold in the 2012 London Olympics in the 100 metre and 200 metre races and the relay.

'The image on the track is that he just turns up and runs but it isn't true,' says his manager. 'He's very competitive.' And the thing is, says Bolt, if he weren't easy-going, he wouldn't run so fast. He looks a little blank when I ask him what makes him such a good runner. Perhaps his height help., and those huge strides, he suggests. (5)___ 'The way his feet move, the way the mechanics are so perfect. Everything is perfect for running.'

I've never met a sportsman quite like Bolt. He is opinionated, funny and grounded. I ask him about his ambitions. Eventually, he says, he'd like to make a go of playing football professionally. (6)___ 'People say I'm a legend but I'm not until I've fulfilled my potential.'

§ 1. It was the last day of July. The long hot summer was drawing to a close; and we, the weary pilgrims of the London pavement, were beginning to think of the cloud-shadows on the corn-fields, and the autumn breezes on the sea-shore.

§ 2. As for me, the fading summer had left me out of health, out of spirits, and, to tell the truth, out of money as well. During the last year I had not managed my professional funds as carefully as usual; and my overspending now meant I had to spend the autumn cheaply in my mother's cottage in Hampstead and my own rooms in town.

§ 3. The evening, I remember, was still and cloudy; the London air was at its heaviest; the distant hum of the street traffic was at its quietest. I roused myself from the book which I was dreaming over rather than reading, and left my office to meet the cool night air in the suburbs. It was one of the two evenings in every week which I spent with my mother and sister, so I turned my steps northward in the direction of Hampstead.

§ 4. Events which I have yet to tell make it necessary to say at this point that my father had been dead some years, and that my sister Sarah and I were the sole survivors of a family of five children. My father was a drawing master before me. His hard work had made him very successful in his job, and because he was anxious about those who were dependent on him, he had from the time of his marriage spent far more on insuring his life than most men consider necessary. Thanks to his care my mother and sister were left, after his death, as independent of the world as they had been during his lifetime. I followed him into his profession and had every reason to feel grateful for the start he had given me.

§ 5. The quiet twilight was still trembling on to the top ridges of the heath; and the view of London below me had sunk into a black gulf in the shadows of the cloudy night, when I stood before the gate of my mother's cottage.
