

При выполнении заданий с кратким ответом впишите в поле для ответа цифру, которая соответствует номеру правильного ответа, или число, слово, последовательность букв (слов) или цифр. Ответ следует записывать без пробелов и каких-либо дополнительных символов. Так как на экзамене распознавание апострофа в бланках ответов будет затруднено, записывайте ответ в полной форме, например: donotknow, вместо don'tknow.

В заданиях, где нужно установить соответствие между двумя столбцами, ответ запишите в виде сочетания букв и цифр, соблюдая алфавитную последовательность букв левого столбца. Некоторые данные правого столбца могут использоваться несколько раз или не использоваться вообще. Например: A1B1B4Г2.

Если вариант задан учителем, вы можете вписать или загрузить в систему ответы к заданиям с развернутым ответом. Учитель увидит результаты выполнения заданий с кратким ответом и сможет оценить загруженные ответы к заданиям с развернутым ответом. Выставленные учителем баллы отобразятся в вашей статистике.

It was back in 1995, when my husband Eric was working as a rubbish collector for the local town council, that I first got the idea of recycling clothes. He would frequently find bags of perfectly good clothes just thrown into the rubbish. I wondered if I would be able to do something with them which would make money for me and perhaps even help the community at the same time. I decided to give it a try.

The first thing I did was to place an advertisement in the newspaper inviting people in the neighbourhood to bring me their second-hand clothing, shoes and bedding instead of throwing them away. Within a week, our garage was bursting with black plastic bags. (1)___ This kept me busy for weeks.

At the same time, I was also looking for a shop to rent where I could sell these items. (2)___ But it wasn't until I contacted Adventure, an organisation which helps people to set up their own businesses, that I finally got the assistance I needed. They helped me find the right shop and gave me advice about getting a business loan to get me started. That's how *Second Best* was born.

For my idea to work, I was going to need a steady supply of clothes. The town council already had recycling bins for paper, glass and the like. (3)___ I was able to make arrangements to have the clothes collected and brought to my shop, where I had installed laundry facilities to cope with all the washloads I needed to do!

It wasn't only making money in the shop that interested me, though. I was still eager for the community to benefit from my idea, too, so I started to find ways that the large quantities of very old or damaged clothing that I couldn't sell in the shop could be put to use. (4)___ Some of the old clothing is now turned into bandages for hospitals, for example, while one school in the area asks for old jeans to make into lunch bags.

Adventure believes in encouraging people by giving an annual Special Merit Award to the most successful new business they have helped. (5)___ Not only had I helped so many others, they said, but I had also had to overcome a difficulty. In 2000, my shop had been destroyed by fire and I had had to start the business all over again from Scratch.

Getting back on track wasn't easy. Not only did I have to search for another shop to rent, but I also had to spend time building up new stocks of clothes, as nearly all of the original stock had been destroyed. (6)___ Otherwise, I would have been forced to call it a day.

Today, twelve years after I first started up, *Second Best* is a very successful small business.

1. My day at the vet's office was amazing. Not only did I learn a lot about veterinary medicine but I met Casey, the umbrella cockatoo (большой белохохлый какаду). This is not an ordinary bird. Casey speaks in short sentences having the intelligence almost equivalent to your five-year-old brother or sister. Unfortunately though, he has developed a personality disorder which results in rather strange behaviour. Strange repetitive body actions cause him to hurt his body, which constantly worries his owners.

2. I met Dr Markus Luckwaldt, a small animal veterinarian practitioner who specialises in birds and exotic animals. Not only is Casey apparently in excellent hands but so is his owner, Paul Smith, who is immediately put to ease by the compassion and understanding demonstrated by this veterinarian.

3. Watching the interactions with pet, owner and doctor, I was immediately struck by the high standard of communication skills required by the veterinarian in dealing with both humans and animals. Animals pick up insincerity and uncertainty faster than humans. The vet's role reminded me of a quarterback's (играющий тренер) job who determines the strategy and game plan for all the players who are part of the same team.

4. So you think you'd like to be a veterinary doctor and you love animals? That's a start but it is only a start if you are interested in a career in veterinary medicine. Veterinarians are much more than people with a fondness for animals. A veterinarian is a doctor of animal health who has trained at a university for at least six years and is licensed to provide medical and surgical care for animals.

5. The day to day work of veterinarians involves examining animals, making diagnoses, doing blood tests or X-rays, treating diseases or injuries, performing surgery and preventing animal illness through vaccinations. Vets can specialise in the care and treatment of either small or large animals. Those who deal with small animals such as dogs, cats, birds or reptiles usually work in cities and have owners bring their animals to a clinic or office. Veterinarians who usually work with horses, cows, pigs and other farm animals often have a mobile practice visiting farms and going all over the countryside.

6. The demand for veterinarians in all fields will continue. The veterinarian of the future will need to adapt and keep pace with technology and the many new advances in medical research. Veterinary medicine, similar to human medicine, is continually confronting change and exploring alternative methods of treatment for animals.
