

При выполнении заданий с кратким ответом впишите в поле для ответа цифру, которая соответствует номеру правильного ответа, или число, слово, последовательность букв (слов) или цифр. Ответ следует записывать без пробелов и каких-либо дополнительных символов. Так как на экзамене распознавание апострофа в бланках ответов будет затруднено, записывайте ответ в полной форме, например: donotknow, вместо don'tknow.

В заданиях, где нужно установить соответствие между двумя столбцами, ответ запишите в виде сочетания букв и цифр, соблюдая алфавитную последовательность букв левого столбца. Некоторые данные правого столбца могут использоваться несколько раз или не использоваться вообще. Например: A1B1B4Г2.

Если вариант задан учителем, вы можете вписать или загрузить в систему ответы к заданиям с развернутым ответом. Учитель увидит результаты выполнения заданий с кратким ответом и сможет оценить загруженные ответы к заданиям с развернутым ответом. Выставленные учителем баллы отобразятся в вашей статистике.

§ 1. I want to tell you about my old friend Bobbie Cardew. If you're a recent acquaintance of Bobbie's, you'll probably be surprised to hear that there was a time when he was known for having a weak memory. In the days when first knew him Bobbie Cardew was the most unreliable person you could ever imagine. If I invited him to come and have dinner with me, I had to go to all sorts of trouble. I used to post him a letter at the beginning of the week, and then the day before send him a telegram, and a phone call on the day itself.

§ 2. One day Bobbie did something I would never have expected. He fell in love, got married — full of excitement, as if it were the greatest fun in the world — and then began to find out things.

§ 3. Her name was Mary Anthony. She was a hospital nurse. When Bobbie Smashed himself up playing polo she was there in the hospital taking care of him. No sooner was he up and about again than they were busy making wedding plans. A real case of love at first sight They took a flat and settled down. I was in and out of the place a good deal. Everything appeared to be running along as smoothly as you could want. Mary seemed to think Bobbie the greatest thing on earth and Bobbie seemed to think the same about her.

§ 4. But now we come to the incident of the Quiet Dinner, which is when things began to happen. I met Bobbie in the street one day and he asked me to come back to dinner at his flat. When we got there I was amazed at how lovely Mary looked. She had her red-gold hair piled up on her head with a diamond tiara in it and was wearing a really beautiful dress. No wonder, I thought, that Bobbie liked married life. "Hello, dear," he said. "I've brought Reggie home for a bit of dinner." Mary stared at him as if she had never seen him before. Then she turned scarlet. Then she turned white as a sheet of paper. Then she gave a little laugh, before finally **recovering** herself. After that she was all right. She talked a lot at dinner, teased Bobbie and played tunes for us on the piano afterwards, as if she hadn't a care in the world. But I had seen her face at the beginning, and I knew that she was working hard to keep herself in hand and not scream. At the very earliest moment I made my excuses and got away.

§ 5. When I met Bobbie at the club next day he seemed glad to have someone to talk to. "Do you know how long I've been married?" he said "About a year, isn't it?" "Not about a year," he said sadly. "Yesterday was the anniversary of the wedding. I'd arranged to take Mary to the theatre. She **particularly** wanted to hear Caruso sing. I had a ticket for the box in my pocket. You know, all through dinner I had some vague idea that there was something I'd forgotten, but I couldn't think what."

If there's one thing above all that students need to learn, it's how to learn! More specifically, students need to know how to learn effectively. There are a number of techniques and skills you can employ to improve your learning. Read on to find out more.

First of all, you need to be in the right frame of mind. Studying should be seen as an enjoyable opportunity to learn rather than a necessary evil that prevents you from relaxing or having fun. (1)___ In order to take that step, get rid of any distractions. If you have a computer, a TV or PlayStation in your room, turn it off or study somewhere else. Also, think positively when you study by reminding yourself that you have the skills and abilities to get ahead. Don't let negative thoughts take over. If you haven't allowed yourself enough time to prepare for an exam or to write an assignment, don't give up! (2)___ And never, ever compare yourself with others. We're all different and we all have different abilities and talents.

Then there's scheduling. You have to develop a schedule in order to make the best use of your most valuable resource, time. Make that schedule and stick to it because it will guide you in how to manage the available time most productively. Don't! You must take your studying seriously — it isn't something to be done when you get around to it or have some spare time. (3)___ Do you really think you can learn an entire term's worth of course material in one night? Of course not. By spending just half an hour a day revising the material, you'll stay on top of things. Study regularly throughout the term for as many subjects as you can. Don't wait until exam time to open your books!

So, you're ready to study and you've got a schedule. What next? Read effectively. (4)___ How often have you read to the bottom of a page and suddenly realised that you remember absolutely nothing? Probably more often than you care to admit. Unless you read 'actively', you won't learn. How do you become an active reader? (5)___ This makes sense as the important things to learn are usually answers to questions. If you ask and answer questions about what, why, how, when, who and where, you will begin to make sense of the material and remember it more easily. Another good technique to use is to break up chapters into sections and deal with each one separately. (6)___ Make sure you understand everything before continuing to the next section. In this way, you steadily build up your understanding of the material in small, manageable steps.

See? It is possible to study and learn without stress if you study smart!

(1) What's ... right age to leave home? These days, many people continue to live with their parents into their twenties, or even thirties. In my opinion, we should leave home early, but it is not... option for everyone.

(2) Probably... main reason why people stay with their parents is because they cannot afford to leave. You need to have a job and be able to pay your rent and bills. In ... addition, you have to pay for your own food and clothes.

(3) On the other hand, leaving home gives you ... greater freedom. You can also find flatmates who share your interests, so life can be ... fun.
