

При выполнении заданий с кратким ответом впишите в поле для ответа цифру, которая соответствует номеру правильного ответа, или число, слово, последовательность букв (слов) или цифр. Ответ следует записывать без пробелов и каких-либо дополнительных символов. Так как на экзамене распознавание апострофа в бланках ответов будет затруднено, записывайте ответ в полной форме, например: donotknow, вместо don'tknow.

В заданиях, где нужно установить соответствие между двумя столбцами, ответ запишите в виде сочетания букв и цифр, соблюдая алфавитную последовательность букв левого столбца. Некоторые данные правого столбца могут использоваться несколько раз или не использоваться вообще. Например: A1B1B4Г2.

Если вариант задан учителем, вы можете вписать или загрузить в систему ответы к заданиям с развернутым ответом. Учитель увидит результаты выполнения заданий с кратким ответом и сможет оценить загруженные ответы к заданиям с развернутым ответом. Выставленные учителем баллы отобразятся в вашей статистике.

When you first meet Beatrice Smythe, you are struck by her wonderful smile and her well-toned muscles.

'Performing on stage is one of the most exciting experiences possible. All the nerves and fright you feel in the wings just melt away when you face the audience. Although you are aware of a sea of faces watching you, this is not what you concentrate on. (1)___ If you focus on this, then your dancing will look natural and unforced.'

So how did Beatrice get started? 'I began taking ballet lessons in a local school when I was six. My teachers felt I had talent but after 11 years of ballet, I realised I wanted to do something different. (2)___ That was it! I had never seen dancing like this before and immediately decided it was for me. The following year I was offered a place at a London contemporary dance school where I completed a three-year course.'

Today Beatrice is a permanent member of *the Charmed Circle Dance Company*. But was it a difficult transition from studies to career? 'I was warned that the competition would be fierce. (3)___ Applying for even the smallest part meant auditioning with dozens of others. Finally, I was lucky enough to be offered a trial period of one year with *Charmed Circle*, even though it meant working without pay. It was an extremely difficult period, as you can imagine.'

'I could have been tempted to join other dance companies on a temporary basis doing one-off paid performances. But this would have meant missing out on the chance to become part of the regular line-up of what is now one of Britain's leading contemporary dance companies.' (4)___ But Beatrice's ultimate ambition is to make it to America, where the ideas behind contemporary dance were first pioneered and developed.

When asked about what it takes to become a dancer, Beatrice didn't hesitate. 'You have to love what you're doing, you have to keep pushing yourself to the limit and you have to be slightly mad, too! (5)___ Most dancers will tell you how physically painful daily training can be. You also have to be extremely self-motivated'

So what does Beatrice particularly enjoy about contemporary dance? 'Well, for one thing, contemporary movements are so different from those in other types of dance. In ballet, for example, the movements are strictly structured and you have to stick to them. In contemporary dance, however, the movements are more expressive and each have individual meanings in themselves. (6)___ This makes them very moving experiences both to perform and to watch.'

§ 1. 'Hollywood' is a household name. This small district is the centre of the American film industry and the source of over 2.6 billion yearly cinema ticket sales. Most of the films we watch come straight out of Hollywood. But have you ever heard of 'Bollywood'? It is the name given to the Hindi language film industry based in Mumbai, India. Contrary to popular belief, it far outperforms Hollywood. Last year alone, over 1000 films were produced and 4 billion cinema tickets were sold, showing that Indian cinema is far more powerful than people think.

§ 2. Many likely Bollywood fans are often concerned that they will not be able to understand the language used in the films. But there is no need to worry. Although the scripts have historically been written in Hindi, more and more films use the English language, showing India's respect for the languages that make up its culture. You will also find that most films come with English language subtitles.

§ 3. So what do you get out of a Bollywood film? It is difficult to define a film as belonging to a certain category, because there is no such thing as a typical Bollywood film. The plots can focus on the drama of a love triangle, but they can also be packed with laugh-out-loud comedy or **edge-of-your-seat** action. The only guarantee is that a Bollywood film won't end without several catchy song and dance routines.

§ 4. Many Bollywood films are over three hours long. Some people might think that this is too long, but there is a good explanation. The film companies say the aim is to give you, the audience, your 'money's worth'. If you are going to spend good money on a ticket, the film should be really exciting.

§ 5. There is no shortage of aspiring young actors and actresses hoping to get a role in the next blockbuster. Big shot movie producers and casting agents are always looking out for new talent. India has its own Brad Pitts and Angelina Jolies — spectacular actors who ensure you have a truly enjoyable viewing experience!

§ 6. Shilpa Shetty is the perfect example of a Bollywood megastar. A picture of beauty and raw acting talent, she has achieved success beyond the borders of India, most notably in the UK following her appearance on the 'Celebrity Big Brother' TV series. Since then she has **turned down** roles in several British TV shows. Instead, she has returned to Mumbai and continues to shoot films in the land that made her a star.

§ 7. Once you get into Bollywood, you'll never want to stop watching.

§ 1. If you've ever thought that talking to someone was a waste of breath, you might be comforted to know that in some cases you are right — the words we utter have very little effect on people compared with how we say them and what we are doing when we say them.

§ 2. Recent research has shown that in a presentation before a group of people, 55 per cent of the effect on the audience is determined by the body language of the speaker, 38 per cent by their tone of voice and only 7 per cent by the actual content of what is being said. Body language speaks louder than words.

§ 3. So can performance and communication skills really be improved? It would appear so, according to Neuro-Linguistic Programming, or NLP, which was developed in the 1970s by therapist Richard Bandler and linguistics professor John Grinder. They asked: "What makes the difference between someone who is competent at something and someone who is excellent?" They examined the behaviour of people generally considered to be examples of excellence in their respective fields to identify what they were doing consciously (*осознанно*) and unconsciously. Surprisingly, they discovered patterns of communication which all these high achievers were using to produce **consistently** positive results. They found that they were able to copy these strategies and achieve similar success, so they developed a way of teaching these skills to other people, a method they called Neuro-Linguistic Programming.

§ 4. They have discovered how people achieve mutual understanding, both consciously and unconsciously, by observing the body language and voice patterns of the person they are talking to. If you're dealing with someone who is painfully shy, you're not going to make a good connection by overwhelming them with your cheerfulness. By matching someone's behaviour we can gain their **confidence**, achieve a good relationship and improve the quality of communication — in other words, we can get on someone's wavelength. NLP practitioners claim anyone can learn how to do this, and quite quickly. NLP is all about taking one's unconscious, not very highly developed skills and practising them consciously.

§ 5. Another powerful aspect of NLP is its use of positive thinking. We can become aware of the negative and turn it to the positive. Once it is framed in a positive way as a goal, the brain can begin to cope with it and then apply itself to achieving that outcome. To put it another way, if you don't know where you're going, it makes it harder to get there.

18. Прочитайте текст и выберите вариант ответа, соответствующий его содержанию.

What has recent research into the way people speak shown?

- 1) Certain kinds of body language create distrust.
- 2) A person's tone of voice often does not match what they are saying.
- 3) Failure to communicate well has little to do with what you say.
