

При выполнении заданий с кратким ответом впишите в поле для ответа цифру, которая соответствует номеру правильного ответа, или число, слово, последовательность букв (слов) или цифр. Ответ следует записывать без пробелов и каких-либо дополнительных символов. Так как на экзамене распознавание апострофа в бланках ответов будет затруднено, записывайте ответ в полной форме, например: donotknow, вместо don'tknow.

В заданиях, где нужно установить соответствие между двумя столбцами, ответ запишите в виде сочетания букв и цифр, соблюдая алфавитную последовательность букв левого столбца. Некоторые данные правого столбца могут использоваться несколько раз или не использоваться вообще. Например: A1B1B4Г2.

Если вариант задан учителем, вы можете вписать или загрузить в систему ответы к заданиям с развернутым ответом. Учитель увидит результаты выполнения заданий с кратким ответом и сможет оценить загруженные ответы к заданиям с развернутым ответом. Выставленные учителем баллы отобразятся в вашей статистике.

It was back in 1995, when my husband Eric was working as a rubbish collector for the local town council, that I first got the idea of recycling clothes. He would frequently find bags of perfectly good clothes just thrown into the rubbish. I wondered if I would be able to do something with them which would make money for me and perhaps even help the community at the same time. I decided to give it a try.

The first thing I did was to place an advertisement in the newspaper inviting people in the neighbourhood to bring me their second-hand clothing, shoes and bedding instead of throwing them away. Within a week, our garage was bursting with black plastic bags. (1)___ This kept me busy for weeks.

At the same time, I was also looking for a shop to rent where I could sell these items. (2)___ But it wasn't until I contacted Adventure, an organisation which helps people to set up their own businesses, that I finally got the assistance I needed. They helped me find the right shop and gave me advice about getting a business loan to get me started. That's how *Second Best* was born.

For my idea to work, I was going to need a steady supply of clothes. The town council already had recycling bins for paper, glass and the like. (3)___ I was able to make arrangements to have the clothes collected and brought to my shop, where I had installed laundry facilities to cope with all the washloads I needed to do!

It wasn't only making money in the shop that interested me, though. I was still eager for the community to benefit from my idea, too, so I started to find ways that the large quantities of very old or damaged clothing that I couldn't sell in the shop could be put to use. (4)___ Some of the old clothing is now turned into bandages for hospitals, for example, while one school in the area asks for old jeans to make into lunch bags.

Adventure believes in encouraging people by giving an annual Special Merit Award to the most successful new business they have helped. (5)___ Not only had I helped so many others, they said, but I had also had to overcome a difficulty. In 2000, my shop had been destroyed by fire and I had had to start the business all over again from Scratch.

Getting back on track wasn't easy. Not only did I have to search for another shop to rent, but I also had to spend time building up new stocks of clothes, as nearly all of the original stock had been destroyed. (6)___ Otherwise, I would have been forced to call it a day.

Today, twelve years after I first started up, *Second Best* is a very successful small business.

This is what the famous musician Yehudi Menuhin writes about himself.

§ 1. Being a touring musician is a bit like being a sailor. It's constant motion, a continuous routine of settling into new hotels and meeting new people. So my ideal holiday is enjoying being alone with my wife.

§ 2. My earliest memory of a holiday was when I was five. We had just bought our first car, and drove joyously from San Francisco, **exploring** the most beautiful parts of California. It was a wonderful experience. I vividly remember the beautiful Yosemite valley, a place of waterfalls and beautiful mountains, a wilderness before we polluted it with cars and noisy stereo systems. As a child I collected photographs of those huge railway engines that pulled hundreds of goods wagons across America. These trains were like monsters, with groups of four wheels on each side. For Americans trains are hugely romantic. My first train journey across America was when I was eight years old. During the day I sat at the window watching the scenery fly past. At night I always had the top bunk bed in the sleeping compartment. I would scramble up to read in bed, feeling cosy and contented as the train rhythmically travelled over the rails through the night.

§ 3. Since then I've worked and studied for many hours on trains, enjoying the view and the sense of timelessness. I loved the smell of steel upon steel mixed up with the smell of the countryside. I loved the sound of the engine's horn, which used to remind me of the ferries which crept along in between the ships in San Francisco Bay on foggy nights. I have been lucky travelling all over the world and managing, just **occasionally**, to take a few days actually to see something more than just the airport, hotel and concert hall. When my wife and I were in Peru, we took three days off and flew in a small plane to the mountains where we spent a wonderful time walking and exploring in the jungle.

§ 4. Forty years ago we bought a small house on a Greek island and went there whenever we could. Initially there were just a few carts, and everything was transported on the back of a donkey or a man. We had a tiny cottage with a lovely garden of fruit trees where we used to pick grapes and oranges. We spent a lot of time on the beach — as I love swimming — and in the village getting to know people. After ten or fifteen years we were firmly involved in the community, able to share a totally different world, different language, different music.
