

При выполнении заданий с кратким ответом впишите в поле для ответа цифру, которая соответствует номеру правильного ответа, или число, слово, последовательность букв (слов) или цифр. Ответ следует записывать без пробелов и каких-либо дополнительных символов. Так как на экзамене распознавание апострофа в бланках ответов будет затруднено, записывайте ответ в полной форме, например: donotknow, вместо don'tknow.

В заданиях, где нужно установить соответствие между двумя столбцами, ответ запишите в виде сочетания букв и цифр, соблюдая алфавитную последовательность букв левого столбца. Некоторые данные правого столбца могут использоваться несколько раз или не использоваться вообще. Например: A1B1B4Г2.

Если вариант задан учителем, вы можете вписать или загрузить в систему ответы к заданиям с развернутым ответом. Учитель увидит результаты выполнения заданий с кратким ответом и сможет оценить загруженные ответы к заданиям с развернутым ответом. Выставленные учителем баллы отобразятся в вашей статистике.

1. Margherita Taylor is the only female presenter at Capital Radio, one of London's top music radio stations. She got into radio while she was a student in Birmingham. Along with hundreds of other hopefuls, she and a friend queued for hours in the rain to take part in a 'Search for a Star' competition held by a local radio station, BRMB. "I had to read a travel script and a weather script, talk about myself for a minute, then introduce a record." Within days the phone call came to say that her voice had earned her a regular show on BRMB. Truly the stuff dreams are made of. After working there for 18 months, she was offered a job with Capital.

2. Margherita claims never to get nervous before a show. "You can't get nervous because then you make mistakes, she says. Of course, there has been the odd disaster. "For instance, when I did my first live concert show at BRMB, I'd only done one programme. In front of a crowd of 50,000, I went on stage to introduce a certain well-known singer. I said: "Please welcome our next performer. You know her best for hits like." Then I just went blank. There was this silence from the crowd, and for the life of me I couldn't think what she'd sung. That's one occasion that will stay with me for ever."

3. Margherita says that her own musical tastes are varied. But she doesn't pick her own music for the show. The Capital computer selects the records in advance from a list approved by the station managers. "The station has a certain sound, and if we all picked our own music, it wouldn't sound like Capital," she says. "But for someone who likes music, this is a dream job. I get to go to concerts and meet the bands you can hear on my show. It's great to hear the "behind the scenes" gossip."

4. Most people would expect that a presenter's most important qualities are a nice voice and huge amounts of confidence, but Margherita says that basic maths is handy

seconds," she says. "You're dealing with timed records, and you have to be ready to switch to the news at exactly the right second. If you're going over to a live event, you need to be ready for that on time, not a second earlier or later."

5. Margherita Taylor is very nice and very easy-going, but very much in control. She is so much a "Capital Radio girl" that you might think she is just doing a good job for the station's publicity department, although you know what she's saying really comes from the heart. She smiles a lot, laughs a lot and is generally a great advert for Capital.

If there's one thing above all that students need to learn, it's how to learn! More specifically, students need to know how to learn effectively. There are a number of techniques and skills you can employ to improve your learning. Read on to find out more.

First of all, you need to be in the right frame of mind. Studying should be seen as an enjoyable opportunity to learn rather than a necessary evil that prevents you from relaxing or having fun. (1)___In order to take that step, get rid of any distractions. If you have a computer, a TV or PlayStation in your room, turn it off or study somewhere else. Also, think positively when you study by reminding yourself that you have the skills and abilities to get ahead. Don't let negative thoughts take over. If you haven't allowed yourself enough time to prepare for an exam or to write an assignment, don't give up! (2)___And never, ever compare yourself with others. We're all different and we all have different abilities and talents.

Then there's scheduling. You have to develop a schedule in order to make the best use of your most valuable resource, time. Make that schedule and stick to it because it will guide you in how to manage the available time most productively. Don't! You must take your studying seriously — it isn't something to be done when you get around to it or have some spare time. (3)___Do you really think you can learn an entire term's worth of course material in one night? Of course not. By spending just half an hour a day revising the material, you'll stay on top of things. Study regularly throughout the term for as many subjects as you can. Don't wait until exam time to open your books!

So, you're ready to study and you've got a schedule. What next? Read effectively. (4)___How often have you read to the bottom of a page and suddenly realised that you remember absolutely nothing? Probably more often than you care to admit. Unless you read 'actively', you won't learn. How do you become an active reader? (5)___This makes sense as the important things to learn are usually answers to questions. If you ask and answer questions about what, why, how, when, who and where, you will begin to make sense of the material and remember it more easily. Another good technique to use is to break up chapters into sections and deal with each one separately. (6)___Make sure you understand everything before continuing to the next section. In this way, you steadily build up your understanding of the material in small, manageable steps.

See? It is possible to study and learn without stress if you study smart!
