

Personal space is the term that refers (1) ... the distance we like to keep between ourselves and other people. When someone we do not know well gets too close we usually begin to feel uncomfortable. Living in cities has made people develop new skills for dealing (2) ... situations where they are very close to strangers. Most people (3) ... crowded trains try not to look at strangers, they avoid (4) ... skin contact, and we apologise (5) ... people if our hands touch by (6) ... mistake. People use newspapers as (7) ... barrier between themselves and other people and if they still do not have a newspaper, they stare (8) ... the distance, making sure they are not looking into anyone's eyes.

Mount Bulla is one of the most popular winter resorts in Australia. It is about a six or seven-hour drive from the city. The resort itself is on the side of the mountain about one thousand meters up. The drive up is breathtaking. As you go up the winding road, the pine trees surround you and you can smell how fresh and clear (1) ... air is. Snow has fallen and the ground is covered (2) ... a white blanket. The actual resort is made (3) ... of three traditionally-built hotels. The largest of (4) ... three has a disco.

Just above the hotels is the ski-lift which takes you (5) ... the top of the slopes. There are also skiing instructors who teach beginners. Quite often there are special shows put (6) ... by professional skiers, which are fascinating to watch. You must like skiing to enjoy your stay as the resort is (7) ... real paradise (8) ... ski-lovers.

I got woken up today by my daughter screaming, "Dad... it's snowing... it's snowing!" We decided not to send her to school, and we had (2) ... great time — we even made a snowman (3) ... the backyard. We used dried cranberries for the eyes and a baby carrot for the nose because it was a baby snowman. People are so amazed (4) ... the weather that I have seen some of them just standing there staring as if they were in a trance. It looks like the work of a skillful decorator for a movie. It was chaos, though, for people going to work, a whole load of trucks were stuck (5) ... the snow. And it's been (6) ... very bad news (7) ... the citrus trees — they're all frozen. According (1) ... a recent survey, (2) ... British are poor savers in comparison (3) ... other nations in Europe. Humans have much (1) ... common with other life forms on Earth. Since the very first life forms appeared, all living things have been desperately struggling to survive the changing conditions of our planet. This has meant adapting (2) ... new situations and, in many cases, has led (3) ... either evolution or extinction. We are not alone (4) ... making (5) ... use of the world around us. Where we do differ (6) ... other life forms, however, is in our ability to record, and learn from, our collective history. In this, it appears that we are unique. We are increasingly becoming a species with detailed knowledge about our past. The more we learn, the better are our chances of (7) ... survival in the future. It must also be recognised, however, that we are (8) ... only species on Earth which has managed to create the means to destroy the planet we live on.

"Foolish?" he whispered. "Not at all — I was chewing the date off."

Dear David,

You'll never guess what's happened — I've got a job! I saw an advert (1) ... an administrative assistant at London Insurance, and sent in my CV, more (2) ... curiosity than anything else. Well, to my surprise, I got an interview, and I managed to convince them that insurance is (3) ... very career path I intend to pursue. Apparently, they were impressed with my ambition, especially when I said I was looking for the job (4) ... good promotion prospects, and (5) ... week later I was offered the job. They seem to look after you well — for example, I was told to send in a claims form so that they could pay (6) ... my travel expenses to the interview. Little things like that make all (7) ... difference. So I'm actually starting work on Monday David, why don't you apply? They take (8) ... 20 new graduates each year. It would be right up your street.

Best wishes,

Dan

Humans have much (1) ... common with other life forms on Earth. Where we do differ (6) ... other life forms, however, is in our ability to record, and learn from, our collective history. In this, it appears that we are unique. These days the media is full (1) ... stories of celebrities' private lives: their relationships, problems with weight and so on.
